Dear Mr. Gorup:

I would like to take this opportunity to congratulate you on the successful completion of the Section 508 compliance certification process for the CourseAvenue, Inc. Flash Player.

Also, I want to thank your incredible team for the exceptional effort they put forth during this project. Most of our clients simply want the bare minimum of understanding about Section 508 compliance in order to complete the tasks at hand. However, your team's desire to understand Section 508 in all its detail was a refreshing experience for Criterion's auditors.

Please extend Criterion's profound appreciation to your team for a job well done and a client experience Criterion will not soon forget!

Regards,

*Anna Bradley*
